

Indico

The offer shown
in the catalogue is valid
**between 15.01.2025
and 14.01.2026**

Because of the limitation
of printing technology, colours
of each product can slightly differ
from the colours presented on
the photographs. The easurements
are approximate and cannot
be the reason to complain.
The manufacturer can change
technical parameters of the
products and is not responsible
for possible printing mistakes.
According to Civil Code catalogue
is not the offer. All the data
enclosed in that catalogue are
valid in the month of its printing
(January 2025r).

PRODUCT TABLES

On the final pages of the catalog (338–349), you will find tables featuring the most popular product groups, such as umbrellas, pens, notebooks, and bags. These tables present key information in an accessible format, helping you to make the best possible choice. :)

Online Catalog

CHECK
OUT!

SEE WHAT OUR ONLINE CATALOG CAN DO!
WE WOULD LIKE TO PRESENT YOU OUR ONLINE CATALOG,
WHICH OFFERS A NUMBER OF FUNCTIONS NOT AVAILABLE
IN THE PRINTED VERSION.
HERE ARE SOME REASONS WHY IT IS WORTH USING:

ALWAYS AT HAND

With a laptop or phone, You always have our catalog with You, regardless of place and time.

FAST AND COST-FREE SHARING

You can quickly, easily and without additional costs send the online catalog to Your customer.

FREE AND WITHOUT RESTRICTIONS

Access to the online catalog is completely free, does not generate additional costs, and its „circulation“ will never run out.

EASY NAVIGATION

Intuitive operation and colorful product category tabs, as well as the search function, shorten the working time and make it easier to find the information You need.

ALWAYS UP-TO-DATE

Product data, including stock levels and prices, are constantly updated, which guarantees that You have access to the latest information.

ECOLOGICAL CHOICE

Although we should not write this in the printed catalog, the online version is more environmentally friendly :)

VIDEOS

You can watch all the movies without leaving the catalog pages!

Thanks to the animated icon, You will not miss any clip presenting the advantages of our new products.

PRODUCT CARD

Even more informations at hand!

After clicking on the product description, You will be able to see additional information, including other photos of the product, colour variants, or current stock levels.

PAGE THUMBNAILS

Quick preview of the catalog content on page thumbnails.

You can turn them on by clicking the appropriate icon in the navigation panel.

MARKING

TECHNIQUES

All markings presented on the products in this catalogue are shown only for the displaying marking possibilities and informational purpose.

LASER ENGRAVING

symbol: **G0, G1, G2, G3, G4, G5**

ADVANTAGES:

- + Durability, precision and high repeatability of marking
- + Resistance to abrasion
- + Favourable price
- + Possibility of personalisation without high costs
- + Possibility of full-circle marking on selected pens, mugs, thermos flasks

DISADVANTAGES:

- No choice of marking colour

We carry out engraving on products made of the following materials: metal, wood, glass, felt, leather, paper, plastic

PAD PRINTING

symbol: **N0, N1, N2, N3, N4**

ADVANTAGES:

- + Ideal for printing on plastic surfaces
- + Precise reproduction of the design
- + Multi-colour printing possible at a favourable price
- + High resistance to mechanical damage

DISADVANTAGES:

- Limited printing area to the size of the pad used
- No possibility of using tonal transitions
- On dark products it is difficult to obtain good colour coverage
- Not possible on tall products due to machine design

We perform pad printing on products made of the following materials: plastic, paper, wood, glass, metal.

SCREEN PRINTING

symbol: **S0, S1, S2**

ADVANTAGES:

- + Large marking area at relatively low cost
- + Precise reproduction of the design
- + Resistance to mechanical damage

DISADVANTAGES:

- Marking only on flat surfaces

We perform screen printing on products made of the following materials: polyester, cotton, plastic, paper, wood, leather

SCREEN PRINTING HEAT TRANSFER

symbol: **F1, F2**

ADVANTAGES:

- + Great ability to reproduce edges and small features
- + Precision and aesthetics of the print

DISADVANTAGES:

- Only heat-resistant products (100-150°C) can be labelled

We perform screen printing thermal transfer on products made of the following materials: polyester, cotton, plastics, paper, wood, leather, jute.

DTF

symbol: **C1, C2, C3**

ADVANTAGES:

- + The print is made immediately as „fullcolour“
- + Photographic reproduction of the printed image
- + Economical price for small runs
- + Possibility of using tonal transitions
- + High print resistance to mechanical damage
- + Large marking area.

DISADVANTAGES:

- Marking only possible on products resistant to high temperatures (100-150°C)

We make DTF on products made of the following materials: polyester, cotton, plastic, paper, wood, leather, jute.

UV PRINTING

symbol: U0, U1, U2

ADVANTAGES:

- + Full-colour print
- + Photographic reproduction of the printed image
- + Possibility of using tonal transitions
- + Can be personalised without major costs

DISADVANTAGES:

- Print quality is dependent on the quality of the uploaded files

We perform UV printing on products made of the following materials: plastic, paper, wood, glass, metal

UV PRINTING UV360°

symbol: U3, U4

ADVANTAGES:

- + Impressive full-colour signage
- + Photographic reproduction of the printed image
- + Tonal gradations possible
- + Exact reproduction of printed details

DISADVANTAGES:

- Print quality is dependent on the quality of the uploaded files

We perform UV printing on products made of the following materials: plastics, glass, metal.

SUBLIMATION

symbol: B1, B2

ADVANTAGES:

- + The print is made immediately as „full-colour“
- + Photographic reproduction of the printed image
- + Economical price for small runs
- + Possibility of using tonal transitions
- + In use, the print will not crack, wash or fade

DISADVANTAGES:

- Printing is only possible on white fabrics with a polyester content (the higher the polyester content, the more vivid the colours)

Sublimation is performed on products made of the following materials: white polyester, sublimation-coated metal.

EMBOSSING

symbol: T1, T2

ADVANTAGES:

- + Durable and elegant decoration
- + Good graphic reproduction
- + The embossing plate can be reused many times on many products

DISADVANTAGES:

- Need to make the die the first time
- Limited application due to material requirements
- Marking colours dependent on film colour

We perform embossing on products made of the following materials: leather, PU eco-leather, veneers of various plastics.

DOMING

symbol: D1, D2, D3

ADVANTAGES:

- + High resistance to damage and colour fading
- + Clear and deep colours
- + Convex effect

DISADVANTAGES:

- Very good adhesion only on flat surfaces

We perform doming on products made of the following materials: plastic, paper, wood, glass, metal, leather.

EMBROIDERY

symbol: H

ADVANTAGES:

- + Durability and aesthetics
- + Precision and high repeatability of marking

DISADVANTAGES:

- Limited application due to material requirements
- High cost for low volumes

We make embroidery on products made of the following materials: polyester, cotton, plastic.

Promotional Gadgets WITH BRANDING

INCREASED BRAND RECOGNITION

Gadgets are like advertising GPS – they help find their way to your brand when a customer finally decides to make a purchase. According to Promotional Products Association International, 83% of people remember the company name after receiving a promotional gadget. It means, that if someone is sipping coffee from your mug, they may forget about deadlines, but they definitely won't forget about your brand!

Promotional gadgets with a logo are one of those marketing tricks that really work. Although they may seem like a trifle, their impact on brand recognition and customer relations is gigantic.

83%

UV PRINTING UV360°

UV 360 is a modern method of rotary direct marking on products with cylindrical shape like bidons and bottles. Each product is fixed in the machine with special holders.

BUILDING RELATIONSHIPS WITH CUSTOMERS

Nothing builds relationships like a small but thoughtful gift. The Global Advertising Specialties Impressions Study says that 58% of people give a positive review to companies that give them promotional items. It's like giving a small gift - no one will say no, and customers feel appreciated (and will remember you for longer than with a standard business card).

58%

PAD PRINTING

Pad printing is one of the most popular colour marking methods. It involves the application of ink with a flexible rubber pad from a previously prepared matrix.

DTF

DTF is an indirect printing technique that transfers digital printing from film to product. The film is coated with powdered adhesive. The whole thing is activated in a heating tunnel. The print prepared in this way is transferred to the desired surface and then indented into the product using heat transfer presses..

79%

LONG-LASTING EFFECT

Gadgets are an investment that really pays off. According to the Global Advertising Specialties Impressions Study, 79% of people keep a gadget for at least a year. So even if no one remembers what you said during the meeting, don't worry - your logo will remind you of your company for a year when a customer reaches for a shopping bag, a power bank or an umbrella on a rainy afternoon.

UV PRINTING

UV is a modern and fast method of direct printing. The image is printed with special inks directly on the surface of the labeled gadget and then hardened with UV rays.

PROFESSIONAL IMAGE

A high-quality promotional gadget is like a well-tailored suit – it emphasizes professionalism and inspires trust. According to Advertising Specialty Institute, 83% of people perceive a company as more trustworthy when they receive practical gifts from it. An elegant pen or a stylish mug with an interesting logo can make you seem like an expert... even if the person using the gadget has no idea what exactly your company does. ;)

83%

LASER ENGRAVING

Engraving is characterised by extreme precision. Even the smallest element of a logo can be reproduced. This marking involves removing the top layer of the product, exposing its underlying texture.

FREE ADVERTISING!

Gadgets are advertising that does not ask for additional payment. PPAI found that 41% of people use gadgets for 1 to 4 years. So, your logo can be present in the lives of customers for a long time - maybe even longer than their new phone. Gadgets are a quiet but effective ambassador for your brand - without the need to incur the costs of further advertising campaigns.

41%

Technology

Modern gadgets that make life easier and stylish!

In the Technology section, you will find a wide selection of products, that are perfect for everyday use, travel or work. If you are looking for practical accessories, that combine functionality with modern design, you like innovation and value comfort, our offer will surely delight you. Discover technology that adapts to your lifestyle!

Lunch Box

Container made of borosilicate glass.

Set of 3 borosilicate glass jars.

Borosilicate glass is more resistant to impact and breakage than traditional glass and does not react with most chemicals, making it an ideal material for food storage containers. Borosilicate glass is also more transparent than traditional glass, which translates into better visibility of the container's contents. A key advantage is that borosilicate glass is more resistant to temperature changes than traditional glass, meaning that the containers will not crack when exposed to heat.

Natural bamboo cap. Borosilicate glass.

VERA  YOUNG

VERA YOUNG is a brand that combines a passion for fragrances with a commitment to the highest quality of its products. Handcrafted in Poland, the candles are distinguished by unique scent compositions that not only fill the place with a beautiful aroma, but are also entirely natural and safe for health. VERA YOUNG is a recognizable Premium brand that allows you to celebrate wonderful moments.

Fragrance: a combination of juicy lemongrass with spicy ginger.

Did you know that Vera Young candles:

- feature delicate, luxurious scents that embrace rather than irritate,
- the fragrances are top quality proprietary blends, produced in the EU,
- are made of soy and plant-based waxes, without the use of paraffin,
- have wooden or cotton wicks,
- are sold in beautiful packaging that not only protects but also makes unboxing so exciting!

POLYESTER PONGEE, SUPERMAN AMONG FABRICS!

- high strength due to the use of fine threads, abrasion and fading resistance
- resistant to shrinkage and stretching, water-resistant and fast-drying
- easy to print, irrespective of the printing technique,
- recyclable
- has a silky-like finish, which gives the umbrella a more elegant and luxurious look.
- lighter and softer to the touch, which may affect the comfort of use

POWER BANK WITH SOLAR PANELS

HOW DOES IT WORK?

Solar-powered products have a built-in solar panel that converts the energy from the solar light rays into electricity.

WHAT ARE THE ADVANTAGES OF SOLAR ENERGY?

It is full of benefits! Here are some reasons why it's so amazing:

- Sunlight is a renewable energy source - meaning it will never run out.
- It is easy to generate - solar panels are all you need and they do not take up much space.
- It is quiet - photovoltaic or solar cells do not make any noise at all, and they convert sunlight into usable electricity. Thanks to this, we can enjoy peace and quiet!
- It does not pollute the environment. Solar power plants do not emit harmful substances into the atmosphere when they are being used or charged.

mAh MILIAMPERE-HOUR

mAh is a milliampere-hour, the unit for batteries capacity. The value in mAh means how many energy can be stored. Power Banks with higher mAh capacity can recharge more devices

USB PORTS THE MORE, THE BETTER

Power bank may have more than one USB output, which allows you to charge multiple devices simultaneously. Each output may have different amperage dedicated for different mobile devices.

and CE certificate.

Metal ball pens

Metal pens are popular as an advertising gadget because of their **durability, elegant appearance and the possibility of personalization.**

NOT JUST AN ENGRAVING ANYMORE! ADD SOME COLOR TO YOUR BUSINESS!

Modern technologies allow marking selected models of metal pens with 4-color printing, which adds a new colorful dimension to personalization.

Notebooks

Always fashionable

3 REASONS WHY IT'S GOOD TO HAVE A PAPER NOTEBOOK:

- note your thoughts and observations without distracting yourself with electronic devices
- handwritten notes give better results and allow better remembering of information,
- a paper notebook will not run out of battery power or break down when you drop it on the ground

Bottles

A source of hydration at any time!

OUR BIDONS AND BOTTLES ARE NOT ONLY PRACTICAL GADGETS, BUT ALSO GUARANTEE HIGH QUALITY AND INNOVATIVE SOLUTIONS.

HERE'S WHAT YOU SHOULD KNOW ABOUT OUR PRODUCTS:

- **BPA-FREE:**

All our bidons and bottles are free of harmful BPA, taking care of your health and safety.

- **LOCK TYPES:**

Three types of locks are available, allowing for easy use - just twist, pull or push.

- **LOCK TIGHTNESS:**

We make sure our products are practical and safe, so every bottle and bidon has a leak-proof closure to eliminate the risk of leaks.

- **CONVENIENT HANDLE:**

Some of our products are equipped with a convenient handle for easy carrying and comfortable use.

- **UV360 MARKING:**

The possibility to print all around the item, giving our bidons and bottles a unique character.

- Approximate values, measured from initial temperature 100°C to end temperature 40°C. During this period the mug was not opened, measurements were made in room temperature.
- Vacuum between the walls.

We care not only about functionality, but also about attractive design. Our thermal mugs and bottles are available in a variety of designs and colors, allowing everyone to find something for themselves.

All our products are free of harmful substances and meet the highest safety standards. Easy to clean: simple to clean and convenient for daily use.

IKONS

IKONSYOU SEE IT, YOU KNOW IT!

	The device features inductive charging for wireless charging.		The product is equipped with RFID function.		The product is made entirely or partially of natural cork.		The product is made entirely or partially of recycled cotton.
	Fast charging function.		The product was manufactured in the European Union.		The product is made entirely or partially of natural bamboo.		The product is made entirely or partially of recycled leather.
	Bluetooth and its version.		The tightness of the product (liquid does not leak).		The product is made entirely or partially of wood.		The product is made entirely or partially of recycled paper.
	USB standard.		Product Capacity.		The product is made entirely or partially of hemp fibers.		The product is made entirely or partially of upcycled paper.
	Device with AUX input.		Approximate temperature holding time (given in hours).		The product is made entirely or partially of coffee fiber.		The product is made entirely or partially of recycled PLA.
	MicroSD card input.		The product is free of harmful bisphenol A.		The product is made entirely or partially of wheat straw.		The product is made entirely or partially of recycled aluminum.
	The cable is not included with the device.		UV marking around the item is possible.		The product is made entirely or partially of glass.		The product is made entirely or partially of recycled stainless steel.
	The product is covered with a pleasant to the touch rubberized coating.		Approximate candle burning time.		The product is made entirely or partially of stone paper.		The product is made entirely or partially of recycled PU.
	Possibility of marking with illuminated logo effect.		The product has thermal insulation layer.		The product is made entirely or partially of natural leather.		The product is made entirely or partially of recycled ABS plastic.
	Information about batteries that are required for product operation, but are NOT included with the device.		Fabric weight.		The product is made entirely or partially of recycled plastic.		
	Mirror effect marking is possible.		Automatic umbrella opening.				
	Possibility of engraving around the item.		The product has light-reflecting elements				
	Pen nib color.		The product has a flashlight function.				
	Suggested size of laptop to fit in bag/backpack.		Multifunctional device.				

OEKO-TEX Standard 100 is an international certification system for textile products, confirming that they have been tested for harmful substances and are safe for human health. Products bearing this certification must meet strict criteria regarding the content of chemicals, such as pesticides, heavy metals, or formaldehyde, and can be used even by individuals with sensitive skin, including infants.

The Global Recycled Standard (GRS) is an international certification awarded to products containing recycled materials. It covers the entire production process, including raw material traceability, the limitation of chemical substances, and compliance with social and environmental requirements. The GRS certification ensures transparency and sustainable practices in the supply chain.
